FULL STACK DEVELOPER

Mastering the art of the **MERN stack with 3 year of experience** like a virtuoso, I bring to the table a delightful blend of MongoDB, Express.js, React.js, and Node.js expertise. With a dash of internship experience in the realms of Linux, Nginx, and AWS, I've dipped my toes in the DevOps pool. Currently navigating the labyrinthine wonders of Docker and Kubernetes, because why settle for simplicity when you can embrace complexity. Forever chasing the elusive thrill of technological mastery, I'm your go-to guy for injecting a dose of innovation into any project.
